# Personalise your kit

Make your club stand out by creating a real team spirit and a sense of belonging. Personalise clothing by adding names, numbers and initials all available at MR Cricket Hockey.

# Printing and embroidery

Embroidery is best for creating logos on thicker garments, such as polo shirts, jumpers, jackets or hoodies. Embroidery on garments are long lasting, durable and vibrant. Embroidery may cost a little more than traditional printing, however the longevity makes it cost effective.

Printed / heat sealed logos also known as heat transfer printing, is the process of applying heat transfer materials to various garments with a heat press. Excellent for very detailed or large logos and especially good for thin breathable modern fabrics used in team wear. With larger designs, we would recommend printing over embroidery.

Dye-sublimation printing yields beautiful and permanent colours that are embedded in the substrate or fabric, rather than printed on the surface. Images on the fabric won't fade or crack even after multiple washings. You can incorporate your club crest and any number of sponsor logos all in the price of the garment. Very cost effective and a great option if you have multiple sponsors.

# BY SURRIDGE EST. 1867

# **ABOUT US**

In 1867 Percy Stuart Surridge created a sports brand. He applied the principles of tradition and craft, with the concept of bringing innovation to improve performance, creating product defined by craftsmanship, originality and Britishness.

Today, we are a brand that not only connects with our markets and consumers but keeps with our origins and principle's set over 150 years ago.

Surridge Sport head office, warehousing and production facilities are based in Burnley, Lancashire. The site has in house embroidery, manufacturing, print and embellishment facilities along with a dedicated design and product development team and a fully equipped distribution/customer service team. This allows Surridge the flexibility to manage and service its portfolio of accounts simply and efficiently, maintaining day to day fulfilment of orders as well as looking to make improvements and handle any quick turnaround of kit that may be required. Careful planning with account management shall ensure the organisation's needs will be prepared for in advance and progressed in an organised and agreed fashion.

The company is wholly family owned in the UK and is self-financed operating from our own custom built facilities in Lancashire of 60,000 sq ft. We will be happy to produce copies of our audited accounts to satisfy any due diligence procedures and we formally extend an open invite to any of your personnel to visit us at any time.

Surridge Sport uses factories in the Far-East for production of the proposed range. We have developed strong relationships with the suppliers and have worked with them for many years. We also have employees based in the factories to help manage the supply.

# **OBJECTIVE**

Surridge Sport aim to supply you with a commercially attractive proposal and a high performance playing and training range at competitive prices. We also guarantee a high level of contract management, quality of product and a seamless transition of supply.

# **VAPADRI™ Technology Designed for Athletes**

ECODRI is an exclusive range of materials made with VAPADRI™ technology for Surridge Sport and other major sports brands. EcoDri is a 100% recycled material that is used in the dye sublimated process for most playing garments. Surridge Sport can offer an EcoDri material for all playing garments.

EcoDri is made from 100% recycled polyester yarn, produced from water bottles. This process is managed through our own research and development with our material factories in the Far East. All the EcoDri material is made with VAPADRI™ technology, meaning that the performance of the material is still to the highest standards that we offer. The EcoDri material is still at a premium in price but we are convinced that our pricing is still the most competitive on the market against our competition.

**V**APADRI™

THIS MATERIAL IS MADE FROM 100% RECYCLED POLYESTER YARN, PRODUCED FROM RECYCLED WATER BOTTLES.

This performance fabric is designed for athletes. Garments made with VAPADRI™ technology can help the wearer stay "DRI" and as a result create zero distraction, allowing you to concentrate 100% on the game

Designed to let you get changed anywhere, whilst protecting you from the elements, Thermal Robe is an essential piece of kit for all outdoor activities. The long sleeve design provides extra warmth and is ideal for those waiting to compete or watching sporting events. The jacket can be used multiple times throughout the day, over wet kit, without the need for drying between uses.

Thermal Robe is one tough bit of kit. It's been designed and tested to stand the wear and tear of an active lifestyle, cold conditions and any challenge you face.

1). Simply visit www.surridgesport.com or scan the QR Code bottom left

your device

Training Wear / Outer Wear

be wiped off with a damp cloth. These garments do not require regular washing as this will remove the shower proofing. If necessary wash inside out, no hotter than 30 degrees on a synthetic wash.

Dirt on outer wear (padded jacket, rain jacket, training jacket) should

**WASHING INSTRUCTIONS** 

Surridge Sport garments are manufactured from top quality fabrics.

All fabrics & logos undergo stringent quality tests to ensure durability

First wash - Always wash shirts, shorts and socks inside out & separately

Avoid leaving kits folded or bundled together for any length of time

Garments may discolour due to staining by substances such as mud, grass, petroleum jelly etc, which may not entirely be removed by

washing alone. Treat stains directly with a stain remover as soon as

Take care not to use stain remover on transfers applied to the garment

• Do not over load the washing machine and always wash light and dark

as this may effect the quality of the print. Some of the toughest stains

• Do not wash above the temperature stated on the garment label.

• If the garment can be tumble dried (see care label) always tumble

whilst damp or soiled. Remove excess mud and wash as soon as

possible after use to avoid stains from setting.

may require more than one treatment.

and wash-ability. They will last for many years if properly cared for.

When washing garments always refer to the instructions on the

- Do not use fabric softener.
- Do not tumble dry

garment label.

**Playing Kits** 

to remove surface dye.

colours separately.

(many items 30°c) · Do not use fabric softener.

Never iron printed motifs

dry cool.

· Never iron printed motifs.

Surridge Sport does not accept liability for discolouration or damage to garments due to incorrect laundering.
